## **The Body Project. Connect. Grow. Further The Gospel**

**Background:** Urban Theologian Ministries is based around the centrality of the Bible in the life of every Christian. Our ministry is founded upon the principles of the Reformation and seeks to conform to Biblical ideals in all practices of the Christian faith. We are dedicated to truth and committed to community, we approach the body with the intention of enriching lives through service. Building relationships and partnering with Churches to meet the needs of our city. Dedicated to equipping our community with the tools needed to build a united body, which we hope will be the means by which actual change will be made to the City of West Sacramento and across the globe. Our intention is to create productive and continuous networking between the bodies of believers already existing in and beyond our city.

**The Project:** Providing an interactive online presence for all of the Christian Churches in West Sacramento. Providing tools for people to learn and discover the rich church life available in our various congregations.

### **Goals:**
